This journey connects the three coastal monasteries north of Daphni. The first stage (to Xenophontos) is partly on paths but the rest of the journey is almost entirely on track. This pleasant route, parallel to the sea, offers fine views up and down the coast.

Note: All distances given (in metres) should be taken as approximate. The numbers shown in the form 1 are Waypoints to be found in associated GPS tracking. The route described is liable to unpredictable change: for example, forestry work, road or track construction and plant growth may alter the route, or its appearance. Signposts may disappear or new ones appear. The Friends of Mount Athos strives to keep this description correct and up to date but cannot take responsibility for its accuracy.
