

FOOTPATHS OF THE HOLY MOUNTAIN

FROM VATOPEDI TO KARYES

Distance: 10.2 km. Journey time: 3½ – 4 hours

© The Friends of Mount Athos, 2007 – 2018. All rights reserved. – Version 1.7.1

This is an attractive journey, with some fine views and scenery, for the most part along historic *kalderimi* or paved mule tracks. The initial section involves a steady climb through the forest from *Vatopedi*, near sea level, to the ridge at around 450m. The route then roughly follows the contour of the mountain, often with views down to the sea, before descending gradually to *Karyes*.

Note: All distances given (in metres) should be taken as approximate. The numbers shown in the form **1** are Waypoints to be found in associated **GPS tracking**. The route described is liable to unpredictable change: for example, forestry work, road or track construction and plant growth may alter the route, or its appearance. Signposts may disappear or new ones appear. The Friends of Mount Athos strives to keep this description correct and up to date but cannot take responsibility for its accuracy.
